PRODUCT RELEASE

Custom Solutions to Dust Collection

American Fabric Filter Co., Wesley Chapel, FL, offers unique solutions to maximize any dust collector's performance. By adding a sister bag to a 5 hp collector in a shop with restricted space, AFF increased the air-to-cloth ratio of the dust filter to allow the collector to capture and contain wood dust down to 1 micron while maximizing suction.

See us at **Booth # 3235** at the **AWFS** Show, July 15-18, 2009 in Las Vegas!
